Moving Christmas card

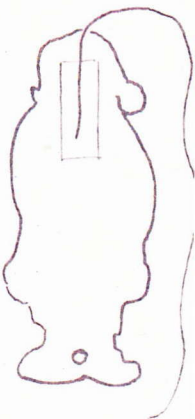

1. Fold a piece of white card in half and paint it as shown.

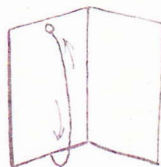

2. Make a chimney and stick it through the top front of card.

3. Cut out a Father Christmas from an old card or draw one narrow enough to slide up and down inside the chimney. Stick thread to the back of his head. Punch a hole in his feet.

4. Push Father Christmas down the chimney and pass the thread through the top hole, round inside the card and tie it to his feet.

Punch a small hole in the top of the front of the card.

Father Christmas goes up and down as you pull the thread.
